## **DETAILED ACTION**

### ***Claim Rejections - 35 USC § 102***

The following is a quotation of the appropriate paragraphs of 35 U.S.C. 102 that form the basis for the rejections under this section made in this Office action:

A person shall be entitled to a patent unless –

(b) the invention was patented or described in a printed publication in this or a foreign country or in public use or on sale in this country, more than one year prior to the date of application for patent in the United States.

Claims 1-15, 20-31 and 33-41 are rejected under 35 U.S.C. 102(b) as being anticipated by US Patent no. 6,135,424 to Bracke.

Bracke discloses, among other things, a cable spacing member with a plurality of cable spacing portions (8, 9, 10) for spacing apart a plurality of runs of cable; a support (6, 7) for supporting the cable spacing member; one or more adjustable positioning members 12 for positioning members for positioning the cable spacing member relative to the support wherein, in use, adjustment of the one or more adjustable positioning members to position the cable spacing member relative to the support adjusts the tension in the runs of cable.
